9                   JASON LEE SUTTON,

10                  Plaintiff,

11                  v.

12                  STATE OF WASHINGTON, *et al.*,

13                  Defendants.

14                   Case No. C04-5642FDB

15                   ORDER

16                  This Civil Rights action has been referred to the undersigned Magistrate Judge pursuant to Title 28  
17 U.S.C. § 636(b)(1)(B). Before the court is plaintiff's second motion to supplement the complaint. (Dkt. #  
64). Defendants oppose the motion. (Dkt. # 68).

18                  Plaintiff complains that the short plain statement of the claim required by Fed. R. Civ. P 8 does not  
19 allow for "all the fact." He seeks to add a 59 page supplemental brief. (Dkt. # 64). As defendants note a  
20 short plain statement of the case is all that is needed. The current active complaint is all that is required.  
21 (Dkt. # 68). Further, this action has already been the subject of some confusion as a result of multiple  
22 complaints being filed. The motion is **DENIED**.

23                  The clerk is directed to send copies of this order to plaintiff and counsel for defendants.

24                  DATED this 25<sup>th</sup> day of July, 2005.
